OFFICE OF THE SUPERINTENDENT OF STAMPS IN MYSORE.

Bangalore, Dated 7th August 1919.

FROM

M. Srinivasamurti ESQ.,

Superintendent of Stamps in Mysore.

To

Y. Satyaraj Chetty, ESQ., B.A.,
Comptroller, to the Government
of His Highness the Maharaja of
Mysore. Bangalore.

SIR,

I have the honor to return herewith the Secretariat file and the Specimen Copy of the Conversion Mysore Bonds of 1919, forwarded with the Accountant's (Comptroller's) memo. The Specimen copy of the Loan form is impressed with the Bi-Color Counterstamp die, as required, for purpose of examination.

It is quite apparent that the Loan Bonds can not be impressed with this die as it bears the words

"General

"General Stamp" Sunk in it.

This Bi-Color die is intended for use on the Stamp papers which are issued to the Local Depots and on documents Stamped in this office. The die is Specially designed with the Engine turned lines in the body of the die and a regularly lined Scroll all round. The Engine turned lines are not easy to Copy.

The purpose for which a Special Stamp is devised for embossing the Loan Papers it appears to me, is to prevent fraud especially when the Paper used is not of a Special Kind with water mark in it.

The die proposed to be used is a Simple one with the "Gandaberanda" in the centre and the words "Government of Mysore" Sunk around the Bird. This design is Similar to the ordinary

Seal

Seal used in many Government offices and does not add much to the Safeguard intended to be taken by issuing the notes under the Signature of the Dewan and the Comptroller. When the forging of those two Signatures is possible, the impression of a Simple die plate as proposed offers no great obstacle to a forger. The Bonds are numbered with a Serial and with a Special numbers and they get the Signatures of the two most responsible officers of the State.

Now that the time for receiving the existing Bonds for conversion is extended to the end of September I Venture to Submit that Special Papers with the "Government of Mysore" printed in the body of the Paper like the Small Characters which form the

ground

ground work of the paper
used for the Bonds issued
by Government of India may
be obtained from the Government
Stationers Messrs DeLa'Rue
& Company London within a
Couple of months or so, which
though more costly will absolutely
prevent fraud.

I have the honor to be,
Sir,
Your most obedient Servant,
M. Sreenivasa Rao

SIR,

As it is ascertained that water-marked paper is not available at the Government Press for printing the forms of the 5½ per cent Mysore Government Promissory notes of 1919 to be issued shortly, I have the honor to request that sanction of Government may be kindly obtained at a very early date for embossing each promissory note issued from this office with a circular die of one inch diameter with the words "Government of His Highness the Maharaja of Mysore" appearing at the rim of the circle and with the Gandabherunda design within. This additional precaution appears necessary to prevent the presentation of any counterfeit promissory notes at the Treasuries.

I have the honor to be,

Sir,

Your most obedient servant,

T. Satyaraj Chetty.
